C. GARY HILL

The class of 1991 dedicates this yearbook to our class advisor, Gary Hill. We have greatly appreciated the guidance, support, and humor you have added to our class and all of Gould Academy over the years. We all remember the class picnics, hunter safety assemblies, Freshman English, and Washington DC Four Point. We always relied on you for a needed hug, words of advice and an out of the ordinary joke. We will all carry with us your motto of *carpe diem*, and, like you have done . . . live life by the day!

On Orientation:

"It was the first time I ever had to meet new people. It was a good way to get started."

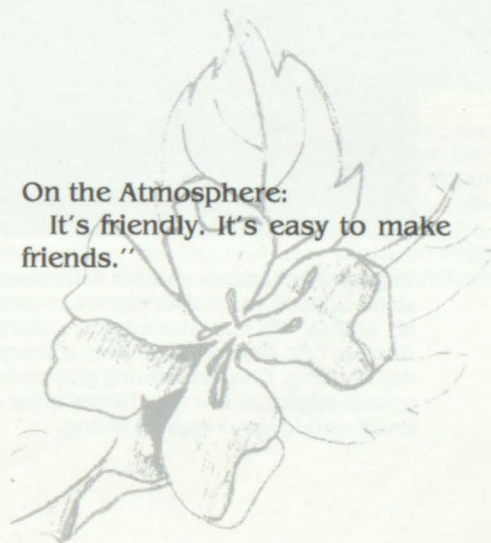

On Dorm Life:

"You're really close to everyone. You learn to share a lot."

On the Atmosphere:

"It's friendly. It's easy to make friends."

Top: Varsity soccer players Dan Bornstein, Josh Platt, and Campbell Mastin, all smiles after a triumphant victory. **Above:** Eric Harlow back after a rough day of skiing. **Center:** Gehringer girls strike a pose. **Right:** Junior Alek Hickey takes a break during cross country skiing.

For every season there is a time, a time for laughter, a time to get serious, and a time to remember. With each season we grow older, grow more intelligent and grow closer to each other. By the end of the three seasons we can look back upon the moments we remember. The moments that were happy and moments that were serious.

In the fall, the leaves change from green to orange to red then to brown as they die. The grass changes slowly as the cold weather gets closer. Then winter is here, the trees are bare, the snow starts to fall and covers the ground. Finally spring arrives and melts the snow and leaves grow back and the grass becomes green again.

Top: Seniors Jeff McCarthy and Sewall Lee enjoy the winter season. **Above:** Junior Liese Stevens and Senior Vanessa Lira-Crabtree "Pump up the Volume". **Center:** Faculty hat club members Mr. Newell, Mr. McGuire, and Mr. Davis ready to face the returning students. **Left:** Junior Jen Baldwin and Senior Deborah Vickers take a study break.

Fall 1990 was full of memories for all: the new students going on orientation; returning students remember their first impressions of the new students. Being a member of a sports team brings memories of games like the Men's Varsity Soccer Team winning the MAISAD tournament. Those who participated in fall activities after school will also have memories. Everyone will remember the fall by the changing colors of the leaves.

Fall was also a time for laughter and joy: the dorms receiving their new televisions, the Vortex receiving the video games, the new snack machine, and a new foosball table. The drama group entertaining us with the production of *On The Razzle*; some of the students entertaining the school with their own version of The Gong Show; Mrs. Gardner announcing that she is pregnant, and is expecting the day after graduation.

Fall also had its serious moments; the Vortex closing for a week because of vandalism; getting serious about doing homework every night and if it's not done every night, there is always Proctored Study Hall to help get the work done.

The seniors having to get serious about their college applications. Finding out their first quarter grades on parents weekend, then spending the weekend with your parents also adds to the serious moments.

Top: Erin Diamond, Nicole Halpenny, and Kristen Petrone can still smile after a day of classes. **Above:** Junior Anne Jurgeleit zippers up on a blustery day. **Center:** Freshman David Ortiz showing off his smooth look. **Right:** Sophomores Petrina Cappola and Sarah Bean looking very pretty before dinner. **Opposite Page: Top:** Seniors Luis Aguilar and Rob Rhu pose after soccer practice. **Above:** Seniors Wendy Hawkes and Harvey Vicoso practice good oral hygiene. **Center:** Senior Ann Hendricks enjoys a moment on the swings. **Left:** Sophomore Darcie Burnell during soccer practice.

Winter has brought its memories: the first snowball fights, the Winter Carnival, and the four day weekend. The Four Point Program gives us: the Freshman and their first Four Point, the Sophomores and memories of building and repairing houses, the Juniors and their lasting memories of an Outward Bound Journey, while the Seniors experience their last Four Point with NTL.

Other happy moments of winter were: the Giants winning the Super Bowl against the Buffalo Bills; seniors receiving their early acceptance letters (The first per-

son at Gould to get into their first choice college was Josh Fiakoff.) Mrs. Johnson has her baby girl, Marlena Rose; the Juniors returning after spending eight days in the woods without showering; spending a romantic Valentines evening at Gould; and getting ready to leave for Spring Break.

Fall

Coming to Gould for both old and new students is rather exciting. When we arrive on campus and are surrounded by all sorts of individuals who, like us, are anticipating the year ahead.

The faculty are a big part of campus life. They are always around and willing to help everyone become familiar with both the campus and other students. The fall season is the favorite part of the school year even though some consider it the longest. After everyone is more or less situated for the year, and anticipation is running high, we settle down and start to think about the various clubs, sports, and activities we have the opportunity to get involved with. For some it's a good time to become involved in a team; soccer, field hockey, or cross country. Some students start to train for the winter skiing season. Others choose one of the activities: wood-working, service group, yearbook, or drama. Fall at Gould can be both an exciting and scary time of the school year but most will agree it's a good start to a fun and challenging year ahead.

VARSITY SOCCER

MAISAD CHAMPS!

When asked about the season, captain Andy Washburn has a lot to say on the behalf of the rest of the team. "We had an excellent season", he reported enthusiastically. "We had a lot of strong plays from everyone on the team. Everyone worked together to overcome obstacles." Ironically, the team competed against Hebron, the one team that beat Gould, in the MAISAD season finals, and won.

"It was one of the most exciting games of any of our careers. We beat the team in a shoot out crowning us number one. With the final score as 5-3. It was a great effort.... good luck next year!"

J.V. AND J.J.V. SOCCER

Matthews, T. Butler, C. Agnew, J. Burrill, A. Higgins, J. Whalstrom, C. Logan, Mgr. M. Cross, Coach Cousins.

The J.J.V. Soccer Team had a building year this season. With an almost all new team who had never played together before a lot could have gone wrong. But with the help of our coaches, Bill Cousins and Brain Walker, and team leaders such as Josh Bramble(our goalie), Bryce Gasser(defense), and Adrian Higgins, we played well and won two games.

Special thanks goes to Mr. Rackliffe for coaching one day when Mr. Cousins and Mr. Walker couldn't be there.

The J.J.V. team wishes the class of 1991 good luck!

Above: Senior Mike Bragdon off to practice.

WOMEN'S SOCCER INTENSITY!

The 1990 Gould Women's Soccer Team finished third in the Maisads with a record of 2-5-3. Although our record was not outstanding, the level of team determination was high. The high point of our season was our win over Hyde School (whose team eventually went on to win the tournament) in the middle of the season. Teamwork and communication (as well as intensity) were our main themes for the season.

The seniors provided a solid base of skills for the team along with much humor and energy. They were Jenn Fullerton, Liz Morris, Martha Newell, Karyn Steenstra, Ann Marie Hendricks, Anne Gustavson, Laurie Matthews, and Stacey Smith.

Our strong offense could always be counted on to bring the ball up the field, but not always to put in the goal. Throughout the season, with hard work and determination, the defense mastered their through kicks and pulling the other team off sides.

All in all, we improved a great deal this season, owing thanks to our manager Momoko, to our two coaches Miss Head and Mr. Gardner and to our mascot, Roadway.

We hope everyone is looking forward to a great season next year. Don't forget "Trout Fishing in America," and most of all, carry on the tradition of the captains pre-maisad dinner! Good luck to next year's WOMEN!

The Golf season started off slow. We were not even sure if we were going to have a team. After a long debate Mr. Brown was elected our "coach." We had a lot of exciting "drives" too, during and after our

matches! We had a winning season. All in all it was a great season. We'll miss our seniors that are leaving.

CROSS COUNTRY

OUTSTANDING PERFORMANCES!

The 1990 Cross Country Running Team had an exceptional season largely due to many outstanding individual performances. The men's team captured second place to a very strong Fryeburg Academy in the Maisad Championships. Brian Lavoie lead Gould and placed sixth in a field of fifty runners. STUPENDOUS WOMEN

The Women's 1990 Varsity Field Hockey team dominated October after a frustrating September. Our stupendous skills made us marvels on the field. We worked through the season to redistribute our personal energy and build up a team that was ready to fight. A miraculous event was the battle against those Telstar Rebels on parents weekend. The defense exerted all their might and held the state champs scoreless through the first half.

Bon Voyage to our seniors Wendy Hawkes, Steph Morin, Megan Kilmer, and Sara Kailey. Our progress this year is a promising basis for the new season to come. Hebron, watch out!

Much thanks to Mrs. Gardner and her two assistants Lisa Todd and Erika Dresser. Your support was a great inspiration to our sometimes lowered heads.

The J.V. team also proved to be skillful in the sport. Few of us had outstanding field experience, but with what we've gained field hockey will never be the same. We couldn't have made it through without the helpful support of those varsity members that were always there to go in again and fight for victory. We're looking forward to the 1991 season and more success!

Although there was much skepticism about the outcome of this Fall's production, "On The Razzle", by Tom Stoppard, the cast managed to pull together successfully under the lights of opening night. Anthony Solomon, a bright new talent, took us back to the year 1910 in the city of Vienna, Austria. An experienced cast including Jeff McCarthy, Garrett Siliman, Morgan Ash and Christine Tomah lent support to new comers such as Nicole Halpeny, Irene Mosquera, Tatiana Martinez, and, of course, John Hutchins who took a role just days before his amazing performance.

Together, under the direction of Carol Fiske and the management of Tracy Bachelder, the cast enacted this wildly humorous farce full of high-speed, satirical comedy.

Technical director, Mrs. Rackliffe and her crew, Lisa Gowell, Erin Diamond, Harvey Vicioso, Samantha Decker, Erika Stevens and Jill Nowak made the sets, artwork, sound and costumes to create the scenes.

FALL STUFF

WOODWORKING

During the fall season we learned a great deal about working with wood. First we built a shaker stool. After the completion of this "beginner" project, we designed and built projects of our own choice. We also took trips to many places ranging from a tree farm to a wood supply store. In the end we all learned a lot and had fun.

Right: Jenny Brown struggling to load film for yearbook picture.

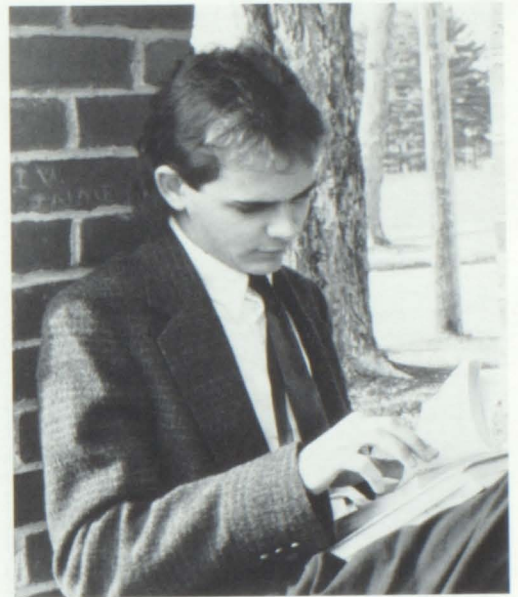

SERVICE GROUP

This year we did a variety of things, like paint the Sunday River School house, help move the Maine Handicapped Ski School into their new building, plus some work for the Forest Service. Here are some things we heard on a daily basis:
 Dave- "Are we done yet?"
 Jeff- "It's been real, it's been fun, but it hasn't been real fun! Take care, Afro."

George- "Mr. Sanborn, where do you get your hair done?"
 Tom- "What are we supposed to be doing?"
 Jason- "Mr. Sanborn, I'm going back to my room to sleep."
 Melanie- "George? Come kill this spider for me, please!"
 Amanda- "Do we have to?"
 Mr. Sanborn, have you seen any big turtles lately?

YEARBOOK

This fall the yearbook staff learned the fundamentals of putting together a yearbook. As we discovered, much thought and work is put into a yearbook especially if it is going to be really great like ours is turning out to be. With the brilliant minds of our four devoted staff members, we were able to come up with a terrific theme, superb graphics, and awesome layouts. So far, the 1991 yearbook is progressing like no other. It is predicted to be destined for success. . . you will not be disappointed.

Winter

Everyone begins to settle down into the longest season, winter. The cold was bitter and the snow was missing, but we were all here waiting for the sun to shine and the snow to melt. The fall led us to new relationships with peers and teachers to stand up to the test of the season. Cabin fever is common among roommates and neighbors in this dorm. Simple problems become major tragedies, but we come closer as we help each other through. Hitting the slopes and the basketball courts help to relieve the high levels of stress. The benefits of the Four Point Program make everything seem worthwhile.

GEHRING

Living in Gehring is an unforgettable experience during all seasons. With 38 girls living under one roof, things are bound to get a little crazy once and a while, if not every day! The second floor seems to be the place where all of the socializing goes on, while the third floor is known as the quieter one. When walking through the dorm, it is not uncommon to hear speakers blaring most of the time, all playing different types of music. By listening attentively, the latest campus gossip can be heard. Also, there are the nightly arguments over who gets to use the phone next, and the endless chatting about which girl is going to get which guy. On the weekends, there are "slumber parties" in friends rooms to look forward to, all night movies and popcorn, and the possibility of a good powder fight in the hallway. All in all, Gehring is the place to live if you want action, female bonding, and a lot of fun. It's a good thing that Ms. Head, Mr. Gardner and the proctors are there to keep everything under control.

Top right: Freshman roommates Brigitta Dubin and Juniper Richardson take one last pose before "lights out". **Middle right:** Gehring girls pile up for a quick picture. **Lower left:** Christine Prtrone and Nelle Thompson are good friends in a short time after Christine's arrival at the half year.

DAVIDSON

BOYS' SIDE

Davidson dorm is unique and special in many different ways. Whether it's the plush wall-to-wall carpeting that Holden doesn't have, or the unidentifiable aromas that identify each floor, Davidson is by far an experience that one must be a part of to fully understand. First floor is notorious for its well developed lounge rooms where much thinking takes place. Second floor music battles can be heard at any time throughout the dorm. And third floor's "body-building" bathroom mirrors reflect the endless flexing of wishful muscles from freshmen to seniors. It is no doubt that the diversity of each floor and the residents makes for a very exciting environment that never has a boring moment.

GIRLS' SIDE

Every year Davidson hall encounters a new group of female residents. They spend their late nights sharing the latest feelings, facts, and opinions. This is the heart of female bonding. The walls vibrate with loud music and attempts at vocal stardom. Shattered window panes provide further evidence of our feminine presence and outstanding grace. You can always find a shoulder to cry on, or a friendly face to laugh with, this is what makes Davidson Girls' side what it is.

DAY STUDENTS

The 25 young men and women who comprised this year's astute group of Day Students had quite a year, although usually maintaining a low profile. Under the dynamic leadership of proctor Martha Newell, our group held strong. Unfortunately, Martha ran away to Spain, and we suffered from lack of direction. We became a rudderless ship floating somewhere between Skidder's and Charlie's.

At Winter Carnaval, a fun time was had by all, especially by our foreign students, Stephanie Danneman, Tatiana Martinez, and Irene Mosquera. But, as to be expected, we lost. We are strong in spirit, but

weak in number.

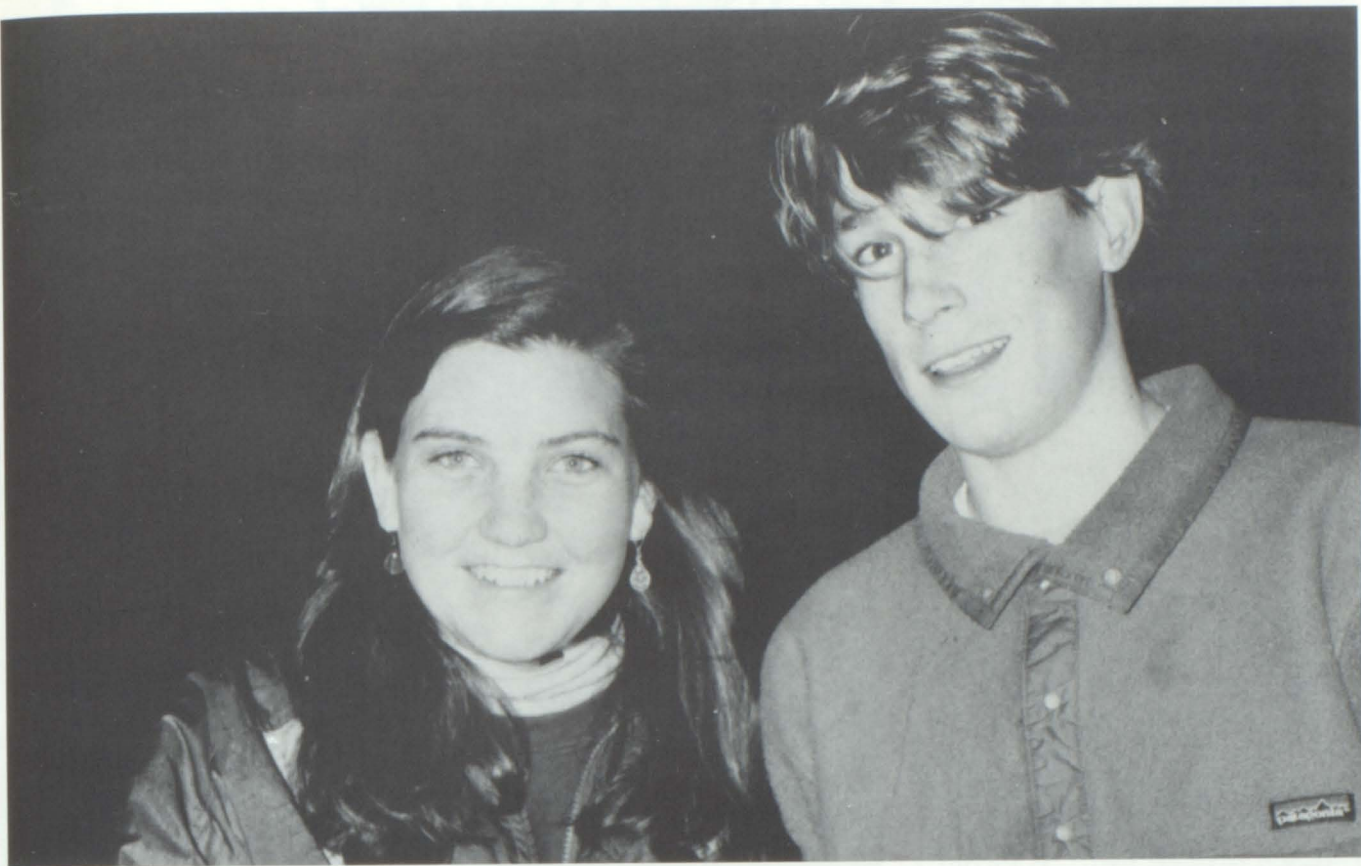

The Flashpoints episode was yet another let down for the Day Students. Bill Cousin's cataract on his left eye prevented him from seeing our hands shoot up first each time. We knew it was unfair. We accepted our defeat graciously. But beware, we will return, and insist on a judge with sharper visual acuity.

While sitting at home relaxing, unaware of dorm searches, roommate fights, and other chaotic dorm occurrences, we can conclude by saying that we, the silent minority, have the best of both worlds.

WOMEN'S VARSITY ACTION PACKED

This year's Woman's Varsity Basketball Team had a good season. The team consisted of seven players, each contributing a special skill.

Every person contributed in her own way: Allison was very aggressive. Jen was a quick and very accurate player. Petrina was another who was always in on the action. Kate always played her best. Mika got confidence and did fine. Megan was always nice and pleasant to the other team. Steph had never played before and did great. She improved everyday. Mike Bragdon, our assistant coach, always kept us smiling. (Mike keep your pants tied tighter next time.) Last, but not least, is our coach Mr. Johnson. He was great to put up with us the whole season with a smile. He seemed like one of us. Thanks a million Mr. Johnson!

All and all we had a great team and we all know that we did our best.

MEN'S BASKETBALL

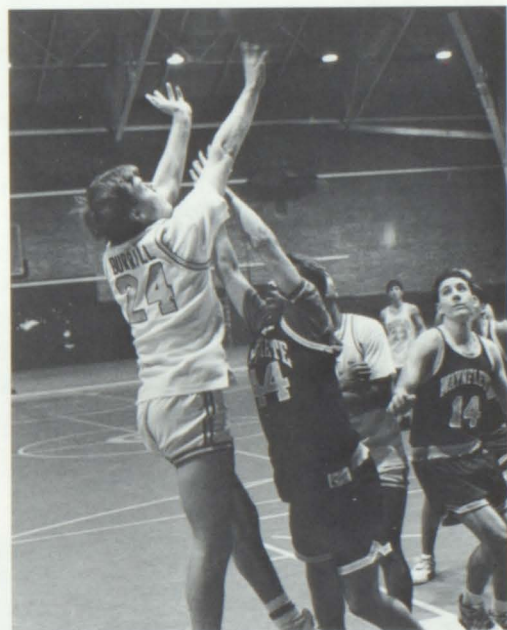

HARD FIGHTING

Play ball? Well sometimes, but a lot of the time was spent watching the other teams play. Don't get the wrong idea, we were good, much better that our 11-7 record indicated but..... to coin a phrase "It was a season of hills and valleys". A frustrating season for all involved, but we had our moments. Beating Wayne-flete to qualify for the tournament, Wayne Carter scoring his 1,000th point, and fighting hard against Wayne-flete only to come up empty handed at the end.

Yes, it was a season of highs and lows, but, with the help of the improving J.V. players, maybe next year's team can capture the championship which has eluded the teams of the past so easily.

J.V. BASKETBALL

MEN'S J.V.

According to Forward Josh Brethauer, "We dominated throughout the season showing our raw talent due to our well rounded team. We consisted of speed, agility, and smart ball-handling. We'd all like to thank Coach Walker for taming our wild whims and Coach Dohrmann for his perpetual sound advice. Thank you, Katie for being our most devoted fan."

WOMEN'S J.V.

Coach Fiske lead us through an amazing season of shin splints, bad knees, jammed fingers, and other bodily injuries. Despite having only eight players, and a definite height disadvantage, we kept from thoroughly disgracing ourselves most of the time. Our first time players improved considerably.

The highlight of our season was our home game against Hyde. Although it was not victorious, we played an aggressive game and scored 18 points. We had a fun and interesting season. Thanks Mr. Fiske.

CROSS COUNTRY

RAPID IMPROVEMENT!

This year's Cross-Country ski team was enhanced with the arrival of two freshman on the men's team, and several first year skiers on the women's team. The ski season started with many endless hours of training on roller skis and running with poles. Structured training schedules along with a trip to West Yellowstone, Montana, made for rapid improvement and progression for all members. The team was very fortunate to train and ski on snow more than any other ski team in Maine.

The season started with the largest race of the year at Rumford, Maine. Out of a field of 450, all the high schools in Maine, both Brian Lavoie and Adrienne Ferrell had impressive results with Brian winning the men's race and Adrienne placing 4th in the women's. The season continued with excellent results from all members, but without a doubt the best results of the year were displayed at the Prep School Championship at the Holderness School. On the men's side,

Brian Lavoie won the race for the second year in a row. Jason Walz showed a great race by overcoming a sickness plagued season and placed 7th overall. The third finisher for Gould was freshmen Patrick Cote who had an impressive 8th place finish.

On the women's side, Adrienne Ferrell was first for Gould with a 4th place overall. Both first year skiers, Susan Crandall and Samantha Langlois, placed 13th and 14th respectively. Both Boys' and Girls' relay races had incredible performances by all. Members received 2nd place in each category. This grand finale to the season couldn't have ended any better. Special thanks are much due to Kirk Siegal for skiing with the experienced skiers and for his help pushing them. Mac Davis deserves much credit for his endless hours of bus driving and practical puns. But without doubt, Mr. Taylor earns praises for his endless hours of dedication and help.

ALPINE SKI TEAMS

The 1991 Varsity Ski Team definitely had a great deal of talent, but lacked consistency, a very important element in ski racing. The season was packed with fun, another important element in ski racing. Thanks for everything Uel, we are glad you came back to the team. Good luck to the team in future years.

RUG RATS

It was another great season of Rug Rats. We did not always have the best weather for skiing, but we taught our Rats to ski the best way we knew how.

Thank you, Mr. Sanborn for all your help. We could not have done it without you. Thanks to all the instructors for a great season.

WINTER CARNIVAL

A weekend full of action and fun!! The battle raged between the dorms as we competed for the highest regard. The challenges of deep, white, snow were considerable. Who can move like an amoeba the fastest, pull a sled like a dog, and sing like a rock star the best? The question was waiting to be answered as the events progressed. Our school spirit rose with our voices encouraging our team members to do their best. Everyone laughed and we all felt the rush of excitement that competition brings. In the end we all felt good, like we had won more than just a challenge in the snow.

FOUR POINT 1991

The 1991 Four Point Program was another rousing success. The Senior class once again spent the week with NTL, an experience even the most skeptical came away from with positive "feedback". The Junior class undoubtedly had the worst weather of any class yet that has attempted the outdoors program. Yet, they are also the first class to complete the week with no evacuations. Both Sophomore groups that went to Connecticut to work with Habitat for Humanity came back with a strong sense of accom-

plishment. The Hartford group helped to finish five townhouses, while the group in Bridgeport worked on a variety of projects that represented the start to finish of Habitat projects in that city. Finally, the freshmen class worked with Berg and Sarvis on movement and improvisation. Their week culminated with an outstanding performance for the entire school. Whether in the woods or in the inner city, on stage or in Core Groups, each participant in the 1991 Four Point Program will remember the experience for a long time to come.

FRESHMAN FOUR POINT

The Freshman Four Point proved to be an interesting experience for all of us. We started off with a great day of skiing with perfect conditions at Sunday River.

We began our "dancing" with instructors Gretchen Burg, Paul Sarvis, and Gwennie Jones on Saturday morning in Bingham Gym. For the rest of the week, mornings consisted of warming up, and moving to the beat of interesting music. Some got a little sweaty, but it was a lot of fun. Even our faculty along for the ride, Brian Walker, Madame, Mrs. Gardner, and Mr. Johnson made fools of themselves, but it didn't matter because everyone else did, too.

Afternoons were slightly different. We split into two groups and throughout the week, we were given small tasks such as creating sentences and acting them out;

making up detailed, slow-motion hand shakes; miming; and even running around making use of space and objects to fast-paced music. Gretchen, Paul, and Gwennie did a wonderful job of keeping us busy, yet interested, while still leaving us plenty of room for creativity and thinking. They had an amazing amount of patience, and by the end of the week, we were all looking forward to our perfor-

mance. Working in small groups and solving small details brought us together as a class, and everyone learned things about the others they would otherwise not have known.

Below: Josh Paquette leads his group on a fun filled ride. **Bottom:** Freshmen Four Point participants.

SOPHOMORE FOUR POINT

Friday morning we were all packed and ready to go. Hartford CT here we come. After a long van ride, we finally arrived at the United Methodist Church, our home for the next week.

The real fun started early Saturday morning. A Mr. Cousin's wake up call failed to wake us up, so he dragged occupied sleeping bags across the room in another attempt to get us going at 5:45 am.

With our lunches packed and our hammers ready, off we went to the work site. On the site we worked on sheet rocking, corner beading, putting goop on the walls, and cleaning up the yard. We worked with many interesting

people who joined in and helped out with anything that needed to be done. After work we rushed to the showers at the local Y.W.C.A and got ready for a night on the town.

In addition, we went to a soup kitchen and visited a shelter which made our work seem more satisfying because we were helping people get a better start.

Throughout the whole trip, we got to know each other better and became closer each day. The day that we left we stood looking at what we had accomplished and got a good feeling that we had done something worthwhile.

JUNIOR FOUR POINT

The experience we're taught to fear and look forward to with great hesitancy from the time of arrival on the Gould campus, the Junior Four Point. Eight days sounds like an eternity when in the woods without the comforts of a material society. Dealing with eight or more new acquaintances in a challenging environment is not easy. Everyone has to give whatever they possibly can of themselves. The challenge not only lies in the icy sloped mountain in front of you, but within you and all around you. Everyone is successful as a member of the group and as an individual. Everyone returns exhausted, but feeling good about the mountains they've climb, and the rivers they've crossed. It's a relief to know that we won't have to spend another, eight days again being soaking wet!! Maybe we'll do it again sometime, when the sun is shining!!

Above right: Wet but happy. **Right:** Liese Stevens, Alek Hickey and Tim Williams happy to be back. **Below:** Jesse Bennis returns to Davidson.

SENIOR FOUR POINT

Even though the attitude was unenthusiastic at the beginning of the NTL program, it changed all for the better, and became a very energetic and positive feeling during the week. Everyone gained valuable knowledge and experienced a great deal, either through thier individual core groups or through the group activities and dynamics.

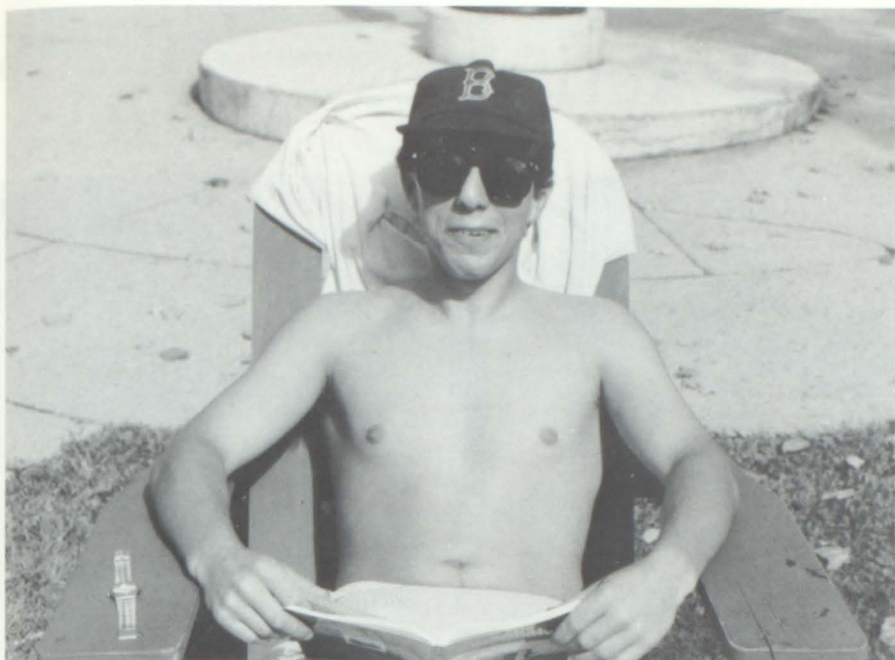

Each core group was composed of about 10 to 12 students that were ramdonely chosen. This mix of students made the group dynamics challenging for each group. Along with the daily core group meetings, a group session with all the students was held everyday. The week of NTL opened up new doors, and ways of communicating with each other.

Spring

Finally, SPRING! The season that in our imaginations is perpetually green and warm. Unbelievably, this spring was quite close to that spring we dreamed about in February. The rains of April brought a warm May filled with lacrosse, softball and tennis. Cyclers had great weather, as did those who ventured to Tuckerman's Ravine. The long awaited Mountain Day brought the whole school to the revered Mt. Washington.

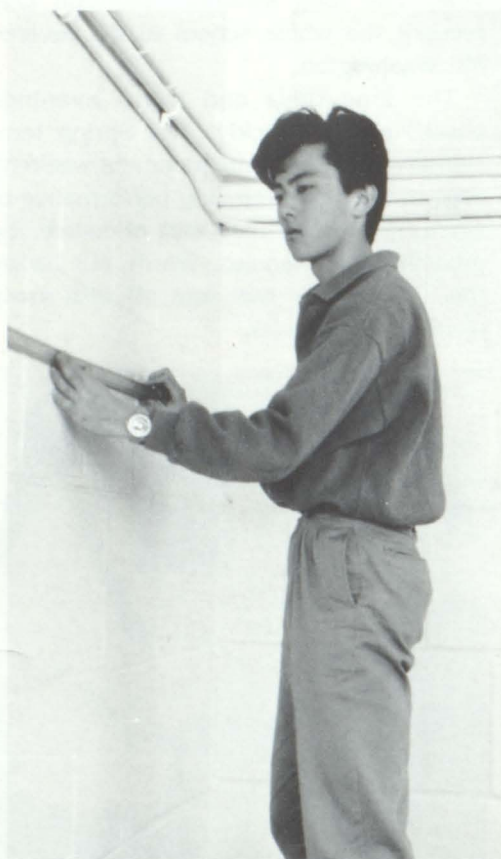

The long days and warm evenings passed all too quickly. The Spring term culminated with Commencement weekend capped by an outstanding performance of *Once Upon a Mattress*, and, of course, the graduation ceremonies. Warm, but happy the, Class of '91 was sent off with many wonderful memories.

MOUNTAIN DAY

Thursday, April 23rd, slowly the school commenced at the daily doze-off period, assembly. Announcements were made, and Mr. Clough began to speak. People relaxed back into their seats for what seemed to be another anesthetic address. Then Mr. Clough mentioned a tale about Tuckerman's Ravine and what a shrine it was, how it should be worshipped, how we were going to worship it by taking the day off to view the area from the top. No one was sleeping then, finally it had arrived, Mountain Day!! Everyone was anxious and excited, the busses were loaded within the hour and we were off for a day of relaxation and pleasure in the bronzing rays of the sun. Everyone was smiling as they gave thanks to Mr. Clough for his heavenly gift.

GIRL'S LACROSSE

FROM FOURTH TO SECOND

It was another year of Women's Lacrosse at Gould Academy. We started this year with a lot of new and young players, with only six returning varsity players. There were a lot of surprises this year. Megan Killmer played her best season yet. Lelo Reeves always pulled us ahead with her power shots. Jenn Fullerton knew how to get the ball down the field and score. Our two best games were against Waynflete.

Going into the tournament, we were the fourth placed team. We had to play the top place Waynflete first. We managed to beat Waynflete, but lost the next day to Freeport. We ended the Season 8-5 not bad for a young team. Thanks to Mrs. G and Miss. Head we could not have made it without the two of you. Thanks for everything.

SOFTBALL ONE OF A KIND

The 1991 Softball team ended the season as MAISAD champs with a 5-2-0 record. Our success was undoubtedly due to our superior coaching staff, Mr. Dohrmann and Mr. Newell. We would also like to thank our increadably macho manager, Eric Harlow.

Our only losses of the season were to Kents Hill in the season opener, and to the Telstar Varsity, understandable, as they went on to be the Maine State Champs in their division. We mutilated the Telstar JV, however, and swept a three game series with Hebron. We finished the season with a defeat of Kents Hill.

Despite losing four seniors, Heather Boody, Karyn Steenstra, and captains, Martha Newell and Sara Kailey, next year's team should be in a good position to repeat this year's championship season.

KNIGHTS OF LYCRA

The men of Gould Velo are of a superior genetic makeup. They are at the pinnacle of masculinity that other athletes can only dream of achieving. With smooth thighs of thunder, these knights of lycra charge down the roads of Northern New England with a single goal: Doom to the challenger, and anyone who unfortunately happened to be acquainted with him.

Luckily, we were able to attain our goal of placing well in the races without doing anyone serious harm. Gould placed second in the League Championships with Junior David Griffin placing second overall. Thanks to our coach, Mr. Wight, for all his support and driving.

Once Upon A Mattress

The production of the Rodgers and Barer musical *Once Upon a Mattress* at Gould on May 18 and 24, provided audiences with lively entertainment. Based on the fairy tale *The Princess and the Pea*, the musical featured a lively princess, played by the talented sophomore, Kristin Pertone, a lovesick prince, (Jennifer Baldwin), his overbearing mother, (Kathy Slack), and a mute, but lustful king, (Peter Finn). Add to these a narrator-minstrel, a pregnant Lady-in- Waiting, and a vain wizard and the stage is set for some whimsy.

The simple but elegant set, and the ambitious and colorful costumes helped create the right atmosphere. Director Carol Fiske and stage Manager Anne Gustavson and their talented cast deserve much credit for a job well done.

Too many years too quickly.

Wayne all I can say is stay away from 31's.

B.Walker- Thanks for everything, watch for me in the N.B.A.!!

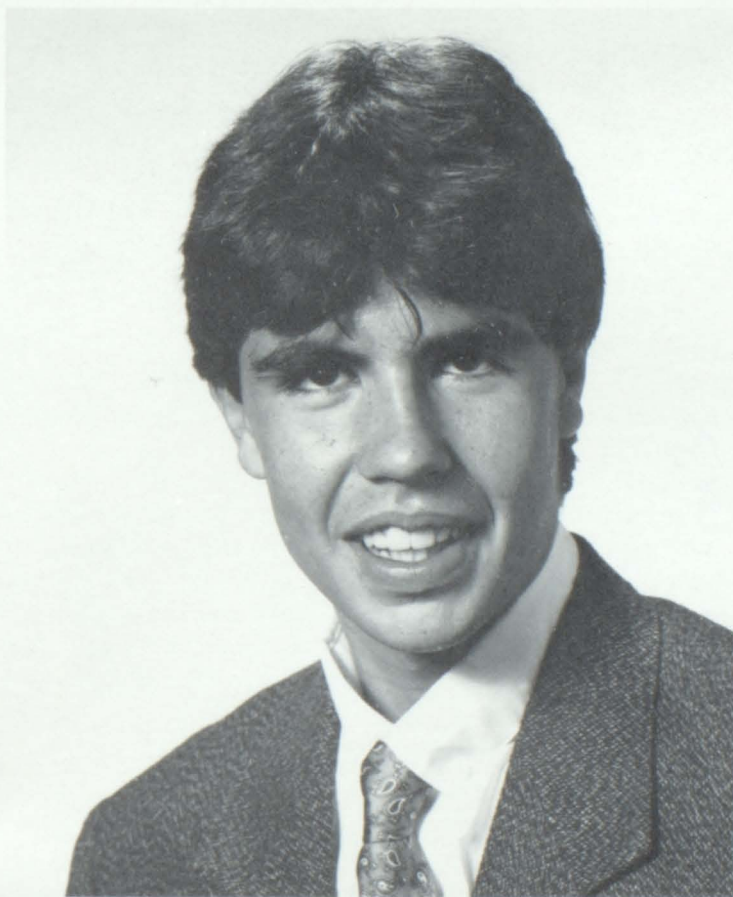

"Have a little good one!!"

JOSE SAMAYOA

I would like to thank everyone at Gould Academy and back home for these two years. I still can't believe I'm graduating, it's great, but not really; great because I can go on now, not really because everything will be just memories. Like the little hotel room in Spain, T.B.H.P, and a lot more things. This was a great experience for me.

All good things come to an end.

Nos Viemos

To my dearest friend Carisa: We have shared all the tears
We've been there for each other

How can we pass the next few years,
For a friend like this there won't be another.

No matter the distance apart

I'll always be at your side

We'll always be together

For friendship is never denied.- anonymous

Petrina- I wish you the best of luck and may all your dreams come true.

Kat- You were always there for the good and the bad. Thanks! Always follow what YOU believe!

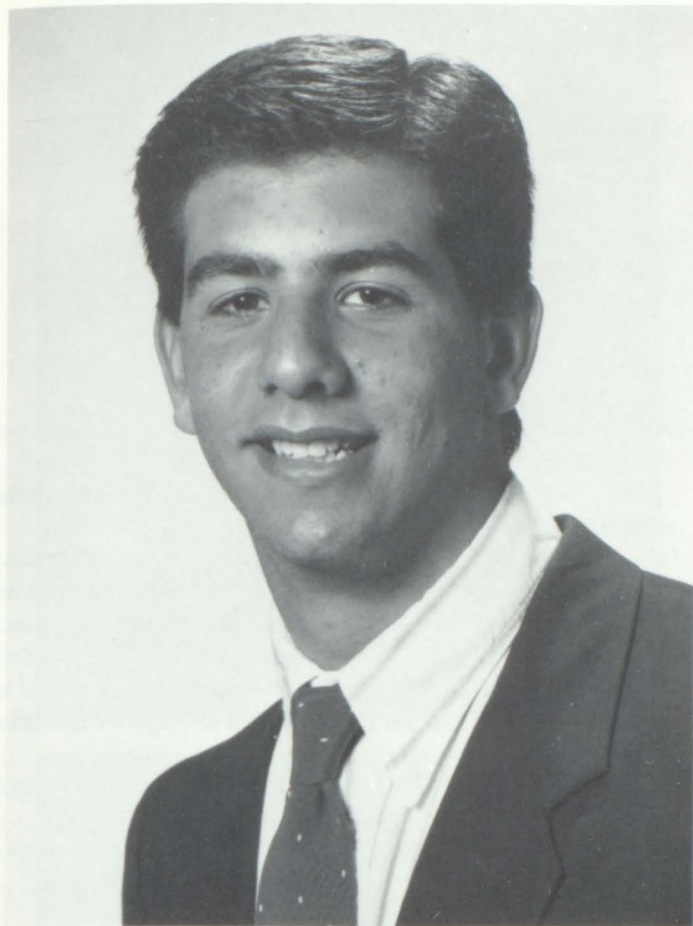

Biz- I will always remember!

PJ & Clark- I love you guys, you've been my live. PJ, even though we've been distant, I will always remember the rooftops and stars!

Mom and Dad- You both have been through so much. Thank you for always being there and for everything you have done for me. We have grown a great deal in the past couple of years and look forward to the future. I love you with all my heart! And Daddy, I believe in you!!

How can we know if the self is what we call the self? Once upon a time I dreamt I was a butterfly, a fluttering butterfly, and I felt happy. I did not know I was human. Suddenly I awoke and was myself. Then I no longer knew if I were human dreaming I was a butterfly, or if a butterfly dreaming it was human. -Zhuangzi

Sullivan sighed, but he did not argue. "I think that I'll miss you, Jonathan." was all he said.

"Sully, for shame!" Jonathan said in reproach, "And don't be foolish! What are we trying to practice every day? If your friendship depends on things like space and time, then when we finally overcome space and time, we've destroyed our own brotherhood! But overcome space, and all we have left is here. Overcome time, and all we have left is now. And in the middle of here and now don't you think that we might see each other once or twice?"

At first as they stumped along the path which edged the Hundred Acre Wood, they didn't say much to each other; but when they came to the stream and had helped each other across the stepping stones, and were able to walk side by side again over the heather, they began to talk in a friendly way about this and that, and Piglet said, "If you see what I mean, Pooh," and Pooh said "It's just what I think myself, Piglet." Two paths split in a green forest
and I was bummed I couldn't do both.
So I just hung awhile.
I checked out one till
it kind of turned off into some bushes.

One path has already been used
but after I walk on the one that
has not been used
they will both look the same, naturally.

Actually, no one has walked on either this morning.
So I decided to leave the trampled one
for another day.

But I thought to myself,
"Caleb I don't think your ever going to be here again."

Sometime later on
ya know I will probably talk about this.
Two paths split in the woods and
I went down the one with more weeds
and it has been cool.

When the proofs, the figures, were ranged in columns before me,
When I was shown the charts and diagrams, to add, divide, and

When I sitting heard the astronomer where he lectured with much
applause in the lecture-room,
How soon unaccountable I became tired and sick,
Till rising and gliding out I wandered off by myself,
In the mystical moist night-air, and from time to time,
Looked up in perfect silence at the stars."

In the vast universe there is no such thing as right or wrong, only conflicting ideologies.

Evil only exists where right and wrong are defined.

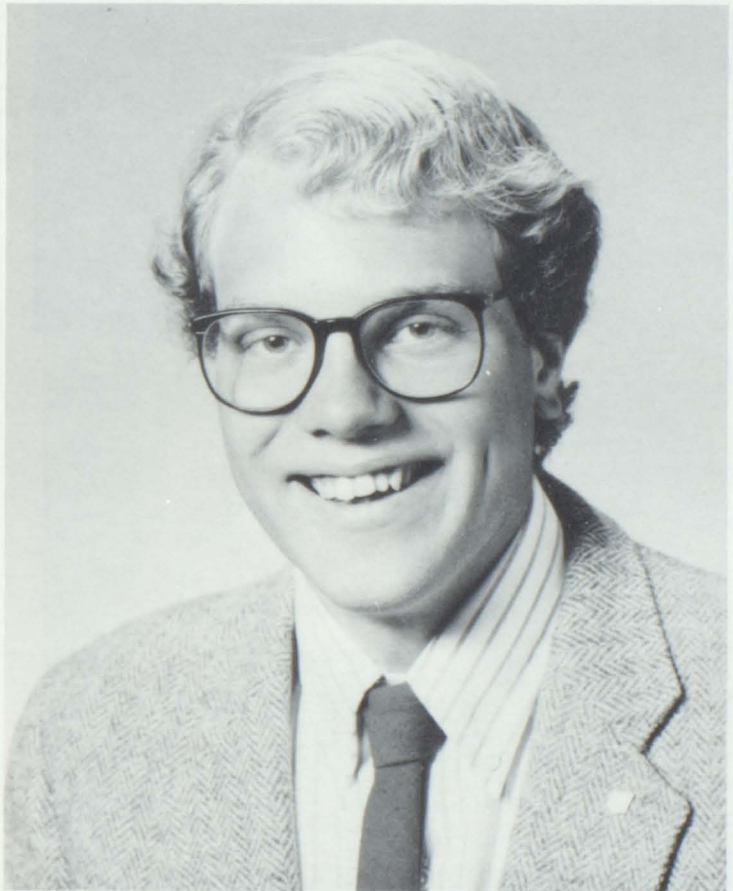

Spirit is the power which has no proportion to mass, it's strength equals ideology times will.

Humanity is the arena for the competing wills.

When in doubt find what Aristotle said about it.

Here is a list of humans that are most evil because they defined right and wrong and refused to listen to Aristotle when in doubt: Ronald Reagan, Aldolph Hitler, Elvis Costello, Mike Dukakis, Jay Edger Hoover, All PTL members, Perrine and General Motors for manufacturing the El Camino.

It feels like it's taken a long time getting here (senior year), but when I reminisce, now it seems like just yesterday I was starting school. Looking back upon all the class pictures from pre-school, etc. I can still remember all the names and faces and I think to myself, "It wasn't that long ago." Now here I am at the end of my school days and at the beginning of the rest of my life. We grow up so fast. If there's one thing I've learned along my growth to adulthood it's that.....

As I prepare to make my next step in life, I look back and see five years of sorrows and joys. When my journey began in International Falls, Minnesota, I never imagined it would conclude here at Gould Academy. I wouldn't want to change a thing because I am happy with the person I have become, and the characteristics that make me unique.

To guide me along my journey I had the two most loving and understanding parents anyone could ask for. They shaped my life, provided for me in my time of need, encouraged my dreams, and have shown me a love I will forever cherish. Thanks, Mom. Thanks, Dad. I love you both.

My twin brother and I are dissimilar in so many ways. At times we are best friends, and at others we are worst enemies. Despite our differences, we share a bond that goes deeper than being brothers. Hope to see you in the fleet someday, Brad!

I love you Grandma. I'll never forget the lessons you've taught me. Good-bye Grandpa. You will forever be in my heart and in my thoughts. You influenced me in so many ways, and taught me that the best prize that life has to offer is the chance to work hard at work worth doing.

BASIL ALEXANDER BLASTOS

Dad and Mom — I wish things went a little better than they did, but they are looking up now. I appreciate what you've done for me as parents and how you've raised me. I'll do my best at The Academy.

Commencement

May 25, 1991 It was a hot one. The temperature in Bingham was well into the ninties. Yet, dispite the heat and crowds, spirits were high: Commencement Day had finally arrived! There were good speeches by Senior Chris Drake, Validictorian Russ Stein, and the Commencement Speaker Willem Lange. Although the speeches differed in style and content, a common theme came through for the class: the Gould experience is not an end in itself, but a springboard from which to fashion for yourself a useful, productive and happy life.

After awards and diplomas were handed out, the Graduates filed out into the warm sunshine for hugs and photographs before leaving Gould for new adventures and challenges.

Spring arrived with the grass turning green and the leaves returning to the trees. Memories of the last two seasons also bloomed as we got ready for the work and fun of this shortest of seasons.

Spring had its fun moments: Mrs. Gardner showing up for practice with her big belly, Mountain Day, and the great weather. Of course there were serious moments of studies and final exams, and thinking about summer jobs. Saying good bye to friends was also bittersweet.
